

Digital Agenda Assembly 2012

Brussels, 21-22 June

The role of local authorities in facilitating broadband roll-out

Jan Van Ooteghem

Ghent University / IBBT

A jumble of administration

- Multiple internal departments and organizations involved
 - Public civil works
 - City development
 - ICT
 - Facility management
 - Economics
 - Communication
- Administration at each level
- Coordination and alignment required! DIFFICULT

Coordinate

Telecom => access for everyone

Synchronize between municipal
departments

Stimulate cooperation between
infrastructure providers

Enforce fair cost allocation rules!

Municipalities are key to success

Simplify regulation &
administration

Have a future proof plan

Your inhabitants and local
companies are your customers!

Thank you!
